

Y4 Honeybees Enquiry based learning photo story

Which prehistoric time period would you prefer to live in?

Recording our learning about each time period, using an information text to help answer the questions to build up our knowledge.

Using the iPads to research more information about our chosen time period. We thought carefully about which sub-heading our notes should go under.

Using our books and research notes to start putting our posters together about our chosen time period.

Presenting our posters to Mrs Robson, Mrs Stoker and the rest of the class.
