

How have the Romans Influenced Britain?

We carried out our own online research to answer the question: *How have the Romans Influenced Britain?*

We learned about Roman shields and what they were made from. We learned about their design and how they were used. Then we made our own...

We learned about life in Britain before the Romans arrived. We even got to dress up as Celts and be filmed chasing the Romans away from Hadrian's Wall!

We visited the Segedunum Roman Fort in Wallsend to find out more about life as a Roman soldier...

Finally, we recorded our learning in a PowerPoint which we presented to the rest of the class...
