

Influence of faith on the believer

We will be exploring and investigating:

That is it ok to have a **different belief** to someone else and why we should be **respectful** to other people's **views, opinions and beliefs**.

How we all make **decisions** about how we will live and that we are **responsible** for our own **actions**. That we make our own **choices** based upon our **beliefs and values**

How **faith** can teach us about how we can live and that stories within religions can be used to teach us **valuable life lessons**.

Know that stories from religions can be **interpreted** in different ways

How faith can give us the chance to **reflect** on our own ideas and how we can **apply** our own beliefs to our everyday lives. That **all religions teach us** to help others.

How **Jesus taught** that people should **forgive** each other and that there are benefits to forgiving others even when it may be difficult.

How **morals** mean being concerned with the **right and wrong behaviour** and that **moral decisions** are not always easy to make.
