

Religions in the local community

We will be exploring and investigating?

- Which **religious traditions** are represented in our local community?
- What are the **main beliefs and practices** of the local faith communities?
- How do people who belong to different religious groups help others in their **local community**?
- What are the **similarities and differences** between religious traditions?
- Why are there similarities and differences between religious traditions?
- Why is there such **diversity** between some of the religious traditions?
- What have I learned from these religious traditions that might help me to understand why some people have and live by a **religious faith**?

Identity- who you are, what you look like, what you like and dislike and how you act.

Community- a small or large group of people you belong to or the local area where you live.

Diversity- being part of people with different cultural backgrounds, languages, traditions or religions.

Traditions- passing on information that can help people to feel they belong and bring people closer together.

Gurdwara- a Sikhi place of worship.
