

Geography EBL

How was Lord **Armstrong** **historically** **significant**

For our History EBL we focused on Lord Armstrong and how he is still significant today. We first used the ipads to carry out research.

Lord Armstrong Timeline

Using the information we found out, we created a timeline showing Lord Armstrong's life and his most significant inventions.

Trip to Cragside

We visited Cragside House and gardens as part of our History topic on Lord Armstrong. We explored Cragside House and found out lots of information about Lord Armstrong. We also visited the Pump House and Powerhouse where we viewed the hydraulic and hydroelectric machinery installed by Lord Armstrong. We enjoyed having lunch and playing in the adventure play area which was so much fun.

Cragside House Treasure Hunt

Names:

Draw and label 3 of Lord Armstrong's inventions.

We completed an information booklet about our trip to Cragside, which included all the key information we had found out.

Quick Quiz (1 point for every correct answer)

When was Lord Armstrong born?
When did he die?
What was the name of his wife?
How many children did they have?
When did they start building Cragside house?
How was Cragside house powered?
List 3 things you have learned about Lord Armstrong and Cragside House today:

Presentation about Lord Armstrong

We created a Power Point on how Lord Armstrong was still significant today. We were working in pairs and presented this to the class.
